# The Northern Arizona Pain Center Approach

Northern Arizona Pain Institute has 4 locations throughout Northern Arizona. Each of our certified providers have been specially trained for the evaluation, diagnosis & treatment of chronic pain. We use a multi-disciplinary approach to take an active role in managing chronic pain patients.

*Our team of health care providers come from different specialties & backgrounds giving a broader, more in-depth plan of care to best treat chronic pain.*

Plan of care will be tailored to the specific needs of the patient, circumstances & preferences. Our Pain Management Team will play an important role in the coordination of care with local Physical Therapists, Psychologists, Neurologists & our patients' Primary Care Provider to offer a comprehensive treatment plan.
